Moses went to the top of Mount Nebo and from there the Lord showed him the promised-land. The Lord said, “This is the land that I promised to give to Abraham.”

So after Moses saw the land, he died there. He was 120 years old. His eyesight was good and he was as strong as when he was younger.

The Lord buried him in a valley, but no one to this day knows where Moses is buried.

The people of Israel wept for Moses for thirty days. Then they followed Joshua and obeyed him.

Lord, thank you for Moses, who was a good example for us. Help me to be faithful and humble like him.
